Dear Interested & Affected Party

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT (EIA)  
PROCESS**

**Waste Management Licence Application: Waste Management of All  
Waste Streams for the Open Pit and Underground Operations at  
Venetia Mine, Limpopo Province**

De Beers Consolidated Mines (Pty) Ltd (DBCM) has appointed Environmental Resources Management Southern Africa (Pty) Ltd (ERM), as the independent environmental consultants to undertake the Environmental Impact Assessment (EIA) process for the proposed Waste Management Licence Application for the listed activities associated with the upgrade of the Waste Management Facility (WMF) and establishing a designated area on the waste rock dump for the disposal of demolition and building materials at the Venetia Diamond Mine (Venetia), Limpopo Province.

Notice is hereby given in terms of the regulations promulgated under Section 24 (5) of the National Environmental Management Act (Act No. 107 of 1998) (NEMA) as amended, and the Section 45 (1) of the National Environmental Management: Waste Act (Act No. 59 of 2008) (NEM:WA) **as amended** of the intent to carry out the above-mentioned activities at the Venetia Mine to be authorised by the National Department of Environmental Affairs (DEA).

**Project Locality**

The Venetia Mine lies approximately 80km west of Musina and 40km north east of Alldays in the Limpopo Province of South Africa. Venetia is situated off the R521 between Alldays and Pontdrift, approximately 550 km north of Johannesburg.

Venetia Mine is located within the Musina Local Municipality of the Vhembe District Municipality. The border with Botswana and Zimbabwe is situated approximately 30km to the north.

## Project Description

Venetia Mine is an existing open pit mine and recently (July 2012) Environmental Authorisation (EA) for the development of underground workings and an amendment of the existing Environmental Management Plan (EMP). DBCM anticipates that the current open pit mining operations will cease between 2020 and 2023 subject to market conditions, production targets and open pit mining scenarios, after which only underground operations will continue.

The listed activities being applied for under this Waste Management Licence application include:

## **KENNISGEWING VAN OMGEWINGSIMPAKSTUDIEPROSES (OIS)**

### **Aansoek vir 'n lisensie vir afvalbestuur: Afvalbestuur van alle afvalstrome vir die oopskag- en ondergrondse bedrywighede by die Venetia-diamantmyn, Limpopo-provinsie**

De Beers Gekonsolideerde Myne (Edms.) Bpk. (DBCM) het vir Environmental Resources Management Southern Africa (Pty) Ltd (ERM), as die onafhanklike omgewingskonsultante aangewys om die omgewingsimpakstudieproses (OIS) vir die voorgestelde aansoek vir 'n lisensie vir afvalbestuur te onderneem, vir die gelyste aktiwiteit wat met die opgradering van die afvalbestuursfasiliteit (ABF) geassosieer word, asook die bepaling van 'n aangewese gebied op die afvalklipstortterrein vir die wegdoening van slopings- en boumateriale by die Venetia-diamantmyn (Venetia), Limpopo-provinsie.

Kennisgewing word hierdeur gegee in terme van die regulasies wat kragtens Afdeling 24 (5) van die Wet op Nasionale Omgewingsbestuur (Wetnr. 107 van 1998) (NEMA) uitgevaardig is, soos gewysig, en Afdeling 45 (1) van die Wet op Nasionale Omgewingsbestuur: Afval (Wetnr. 59 van 2008) (NEM:WA), **soos gewysig**, van die voorneme om die bogenoemde aktiwiteit by die Venetia-diamantmyn te onderneem wat deur die Nasionale Departement van Omgewingsake (DOS) goedgekeur moet word.

### **Projekligging**

Die Venetia-diamantmyn is ongeveer 80 km wes vanaf Musina en 40 km noord-oos vanaf Alldays in die Limpopo-provinsie van Suid-Afrika geleë. Venetia is duskant die R521 tussen Alldays en Pontdrift, ongeveer 550 km noord vanaf Johannesburg geleë.

Die Venetia-diamantmyn is binne die Musina plaaslike munisipaliteit vanaf die Vhembe-distriksmunisipaliteit geleë. Die grens by Botswana en Zimbabwe is ongeveer 30 km na die noorde geleë.

## Projekbeskrywing

Die Venetia-diamantmyn is 'n bestaande oopskagmyn en het onlangs (Julie 2012) omgewingsmagtiging (OM) vir die ontwikkeling van ondergrondse bedrywighede ontvang en 'n wysiging op die bestaande omgewingsbestuurplan (OBP). DBCM het die verwagting dat die huidige oopskagmynbedrywighede tussen 2020 en 2023 beëindig sal word, onderhewig aan marktoestande, produksietekens en oopskagmynvoorspellings, waarna slegs ondergrondse bedrywighede sal voortgaan.

Die gelyste aktiwiteite waarvoor daar aansoek gedoen word kragtens hierdie aansoek vir 'n lisensie vir afvalbestuur, sluit die volgende in:

Hi Tougheeda

I refer to the telephone discussions we had earlier this morning. As I said we are running a Recycling, Cleaning and Hygiene Company. The name of our company is Newronment. We are based in Polokwane but are looking for related business opportunities across the country.

I am specifically interested in the EIA process that your company is conducting for Waste management at the Venetia Mine, Limpopo Province, reference number (WML): 12/9/11/L43049/5.

I wish to propose to the relevant authority to render recycling services for the mine. Please advice me or sent me the contact details of the relevant person in this regard. Also sent me the registration documents for the Interested and Affected Party or any relevant information in this regard.

Regards,

Mr. Mamabolo Samson

Hi Tougheeda

Thanks for the information. It is quite interesting especially because some of the activities conducted at the mine are similar to what I am doing. I have filled and attached the response form for your attention. I am looking forward to a meaningful engagement and contribution in this regard. Please keep me updated on each and every step of the EIA process. Also sent me the contact details of anyone responsible for waste management at the mine. I wish to make a business proposal for recycling of all recyclable materials there.

Regards,

Samson.

Good day Sir/Madam  
My name is Daisy Sakala and I attended the Waste Management workshop at Musina.  
I would like to inform you that the information we received was of great importance. I would suggest that the project should be implemented because it is very vital that unemployed graduates can use their skills to improve in the project. The facilitators were very good at conveying the message to us. I hope young/youth of Musina who are unemployed will get the opportunity to join the project.

<b>Comments received during the Public Meeting</b>		
1.	What will happen to non-hazardous waste?  <i>Response: The non-hazardous waste will be separated and stored in the Waste Management Facility. A certified contractor will remove all waste streams that are to be disposed of off- site.</i>	Mr Sakala  Stephanie Gopaul
2.	What kind of hazardous liquids will be stored and where?  <i>Response: The different kinds of hazardous waste which will be stored include: petrol, diesel, etc. These will be stored in large containers. When transported offsite, liquids will not be taken out of containers- this is to prevent leakage or spillage of hazardous liquids.</i>	Mr Sakala  Stephanie Gopaul
3.	Other means of notification which should be used to inform the general public about the proposed project should include radio. In most instances, I&APs do not take note of an advert placed in the newspaper and site notices.  <i>Response: Comment noted and Mr Sakala thanked for his input.</i>	Mr Sakala
4.	Will there be employment opportunities for the local community?  <i>Response: No new labour is anticipated for the waste contract at this stage as De Beers will continue using the appointed contractors and staff compliment.</i>	Mr. Zephaniah Maphane  Stephanie Gopaul
5.	What effect will this process have on our water resources?  <i>Response: There is a storm water management plan in place and this will be revised to suit the revised layout of the Waste Management Facility (WMF) if needed. The Environmental Impact Assessment will rate the significance of any potential impacts to water resources and provide appropriate management/ mitigation measures.</i>	Mr. Zephaniah Maphane  Stephanie Gopaul
6.	What are the health risks to the community?  <i>Response: No direct health risks to the community are anticipated.</i>	Rev M.M Maiwashe
7.	How will you ensure that the people's health is not adversely affected?  <i>Response: No direct health risks to the community are anticipated. The formalisation of the WMF is a strategy to improve on the current layout thereof; the aim of which is to minimise potential risks.</i>	Rhoda Mavayala  Stephanie Gopaul
8.	What will happen to the existing waste management facility?  <i>Response: It will be re-designed and upgraded accordingly.</i>	Ms. Daisy Sakala  Stephanie Gopaul
9.	Have all specialist studies been conducted and signed off?	Ms. Daisy Sakala

**Meeting minutes**

	<i>Response: Various specialist studies have already been conducted and will be presented in the EIA for public review.</i>	<i>Stephanie Gopaul</i>
10.	Is there a safety and emergency response plan in place for trucks transporting waste from the Mine? <i>Response: There is an emergency response plan in place and will be available in the EIA Report.</i>	Ms Moraka <i>Stephanie Gopaul</i>
11.	Who will be the watchdog? <i>Response: De Beers will be responsible for monitoring and adherence to the Environmental Management Plan and Environmental Authorisation. There are national authorities that also provide a "watchdog" function.</i>	Mrs. Monika Singo
12.	Does the Municipality have any authority in this application? <i>Response: The Municipality has authority with regards to by-laws, rates and taxes, and approval of building plans. The municipality will also provide comments on the Scoping Report, EIA and other documents</i>	Rev. M.M Maiwashe
13.	Is De Beers -Venetia Mine commitment to social development in the area <i>ad-hoc</i> or long-term? <i>Response: De Beers is committed to a long term development plan.</i>	Ms. Daisy Sakala <i>Alta van Dyk</i>

*Stephanie Gopaul* thanked the community for attending the meeting and adjourned the meeting at 12:30 pm.

<p>I refer to the telephone discussions we had earlier this morning. As I said we are running a Recycling, Cleaning and Hygiene Company. The name of our company is Newronment. We are based in Polokwane but are looking for related business opportunities across the country.</p> <p>I am specifically interested in the EIA process that your company is conducting for Waste management at the Venetia Mine, Limpopo Province, reference number (WML): 12/9/11/143049/5. I wish to propose to the relevant authority to render recycling services for the mine. Please advise me or sent me the contact details of the relevant person in this regard. Also sent me the registration documents for the Interested and Affected Party or any relevant information in this regard.</p>	<p>Mr. Mamabolo Samson</p>	<p>Email 09 September 2014</p>	<p>Background Information Document (BID) as per the telephonic discussion was emailed to Mr. Mambolo. He was also encouraged to contact us should he require further information.</p>
<p>Thanks for the information. It is quite interesting especially because some of the activities conducted at the mine are similar to what I am doing. I have filled and attached the response form for your attention.</p> <p>I am looking forward to a meaningful engagement and contribution in this regard. Please keep me updated on each and every step of the EIA process. Also sent me the contact details of anyone responsible for waste management at the mine. I wish to make a business proposal for recycling of all recyclable materials there.</p>	<p>Mr. Mamabolo Samson</p>	<p>Email 30 September 2014</p>	<p>Mr. Mamabolo is thanked for the comments and will be kept informed of all future public participation and document disclosures.</p>
<p>Our company renders among others recycling services. We have a licence issued by the Limpopo Department of Economic Development Environment and Tourism. We conduct sorting and baling of category A No. 2 activities and are expanding to cover other activities. We are interested in this project purely from a business point of view and wish to be kept up to date on the developments.</p>	<p>Mr. Mamabolo Samson</p>	<p>Comment Sheet 30 September 2014</p>	<p>Services rendered are noted and will be directed to the De Beers Environmental Manager.</p>

I asked the job for to clean to the field the line for electric for to building for security for painting cut the trees transport job put cornet of the small job I can do.	Mr Petrus Raliphaswa	Fax 01 October 2014	This process does not deal directly with employment. Kindly direct job-related queries to the applicable department of the mine.
Services rendered are detailed and a CV is attached. No comments on comment sheet.	NE Matsea	Fax 09 October 2014	Services rendered are noted.
I would like to thank the team for the job well done, elaborate more information and it was an eye opener. They need to communicate with us in advance so that we can be able to address in large number using ways of public invitation by sending letters to the churches and like to inform the public.	Rev. MM Mauwashe South African Council of Churches	Public Meeting 20 October 2014	Comments noted and Rev. Mauwashe will be contacted to inform the public for further public consultation and documents disclosures.
What will happen to non-hazardous waste?	Mr Sakala	Public Meeting	The non-hazardous waste will be separated and stored in the Waste Management Facility. A certified contractor will remove all waste streams that are to be disposed of off- site.
What kind of hazardous liquids will be stored and where?	Mr Sakala	20 October 2014	The different kinds of hazardous waste which will be stored include: petrol, diesel, etc. These will be stored in large containers. When transported offsite, liquids will not be taken out of containers- this is to prevent leakage or spillage of hazardous liquids.
Other means of notification which should be used to inform the general public about the proposed project should include radio. In most instances, I&APs do not take note of an advert placed in the newspaper and site notices.	Mr Sakala	Public Meeting	Comment noted and Mr Sakala thanked for his input.
Will there be employment opportunities for the local community?	Mr. Zephaniah Maphane	20 October 2014	No new labour is anticipated (from the Musina community) at this stage as De Beers will continue using the appointed contractors and staff compliment.
What effect will this process have on our water resources?	Mr. Zephaniah Maphane	Public Meeting	There is a storm water management plan in place and this will be revised to suit the revised layout of the Waste Management Facility (WMF) if needed. The Environmental Impact Assessment will rate the significance of any potential impacts to water resources and provide appropriate management/ mitigation measures.
What are the health risks to the community?	Rev M.M Maiwashe	20 October 2014	No direct health risks to the community are anticipated.

		Public Meeting	
How will you ensure that the people's health is not adversely affected?	Rhoda Mavayala	20 October 2014	No direct health risks to the community are anticipated. The formalisation of the WMF is a strategy to improve on the current layout thereof; the aim of which is to minimise potential risks and not create them.
What will happen to the existing waste management facility?	Ms. Daisy Sakala	Public Meeting	It will be re-designed and upgraded accordingly.
Have all specialist studies been conducted and signed off?	Ms. Daisy Sakala	20 October 2014	Various specialist studies have already been conducted and will be presented in the EIA for public review.
Is there a safety and emergency response plan in place for trucks transporting waste from the Mine?	Ms Moraka	Public Meeting	There is an emergency response plan in place and will be available in the EIA Report.
Who will be the watchdog?	Mrs. Monika Singo	20 October 2014	De Beers will be responsible for monitoring and adherence to the Environmental Management Plan and Environmental Authorisation. There are national authorities that also provide a "watchdog" function.
Does the Municipality have any authority in this application?	Rev. M.M Maiwashe	Public Meeting	The Municipality has authority with regards to by-laws, rates and taxes, and approval of building plans. The municipality will also provide comments on the Scoping Report, EIA and other documents.
Is De Beers -Venetia Mine commitment to social development in the area <i>ad-hoc</i> or long-term?	Ms. Daisy Sakala	20 October 2014	De Beers is committed to a long term development plan.
My name is Daisy Sakala and I attended the Waste Management Workshop in Musina. I would like to inform you that the information we received was of great importance. I would suggest that the project should be implemented because it is very vital that unemployed graduates can use their skills to improve in the project. The facilitators were very good at conveying the message to us. I hope young youth of Musina who are unemployed will get the opportunity to join the project.	Daisy Sakala	Fax 04 November 2014	Daisy is thanked for her comments and her approval of the Project is noted.
