Issues/Comments Received	Commentator(s)	Source	Response from Project Team
I asked the job for to clean to the field the line for electric for to building for security for painting cut the trees transport job put cornet of the small job I can do.	Mr Petrus Raliphaswa	Fax 01 October 2014	This process does not deal directly with employment. Kindly direct job-related queries to the applicable department of the mine.
Services rendered are detailed and a CV is attached. No comments on comment sheet.	NE Matsea	Fax 09 October 2014	Services rendered are noted.
I would like to thank the team for the job well done, elaborate more information and it was an eye opener. They need to communicate with us in advance so that we can be able to address in large number using ways of public invitation by sending letters to the churches and like to inform the public.	Rev. MM Mauwashe South African Council of Churches	Public Meeting 20 October 2014	Comments noted and Rev. Mauwashe will be contacted to inform the public for further public consultation and documents disclosures.
What will happen to non-hazardous waste?	Mr Sakala	Public Meeting	The non-hazardous waste will be separated and stored in the Waste Management Facility. A certified contractor will remove all waste streams that are to be disposed of off- site.
What kind of hazardous liquids will be stored and where?	Mr Sakala	20 October 2014	The different kinds of hazardous waste which will be stored include: petrol, diesel, etc. These will be stored in large containers. When transported offsite, liquids will not be taken out of containers- this is to prevent leakage or spillage of hazardous liquids.
Other means of notification which should be used to inform the general public about the proposed project should include radio. In most instances, I&APs do not take note of an advert placed in the newspaper and site notices.	Mr Sakala	Public Meeting	Comment noted and Mr Sakala thanked for his input.
Will there be employment opportunities for the local community?	Mr. Zephaniah Maphane	20 October 2014	No new labour is anticipated (from the Musina community) at this stage as De Beers will continue using the appointed contractors and staff compliment.
What effect will this process have on our water resources?	Mr. Zephaniah Maphane	Public Meeting	There is a storm water management plan in place and this will be revised to suit the revised layout of the Waste Management Facility (WMF) if needed. The Environmental Impact Assessment will rate the significance of any potential impacts to water resources and provide appropriate management/ mitigation measures.
What are the health risks to the community?	Rev M.M Maiwashe	20 October 2014	No direct health risks to the community are anticipated.

Issues/Comments Received	Commentator(s)	Source	Response from Project Team
		Public Meeting	
How will you ensure that the people's health is not adversely affected?	Rhoda Mavayala	20 October 2014	No direct health risks to the community are anticipated. The formalisation of the WMF is a strategy to improve on the current layout thereof; the aim of which is to minimise potential risks and not create them.
What will happen to the existing waste management facility?	Ms. Daisy Sakala	Public Meeting	It will be re-designed and upgraded accordingly.
Have all specialist studies been conducted and signed off?	Ms. Daisy Sakala	20 October 2014	Various specialist studies have already been conducted and will be presented in the EIA for public review.
Is there a safety and emergency response plan in place for trucks transporting waste from the Mine?	Ms Moraka	Public Meeting	There is an emergency response plan in place and will be available in the EIA Report.
Who will be the watchdog?	Mrs. Monika Singo	20 October 2014	De Beers will be responsible for monitoring and adherence to the Environmental Management Plan and Environmental Authorisation. There are national authorities that also provide a "watchdog" function.
Does the Municipality have any authority in this application?	Rev. M.M Maiwashe	Public Meeting	The Municipality has authority with regards to by-laws, rates and taxes, and approval of building plans. The municipality will also provide comments on the Scoping Report, EIA and other documents.
Is De Beers –Venetia Mine commitment to social development in the area <i>ad-hoc</i> or long-term?	Ms. Daisy Sakala	20 October 2014	De Beers is committed to a long term development plan.
My name is Daisy Sakala and I attended the Waste Management Workshop in Musina. I would like to inform you that the information we received was of great importance. I would suggest that the project should be implemented because it is very vital that unemployed graduates can use their skills to improve in the project. The facilitators were very good at conveying the message to us. I hope young youth of Musina who are unemployed will get the opportunity to join the project.	Daisy Sakala	Fax 04 November 2014	Daisy is thanked for her comments and her approval of the Project is noted.

Hi Tougheeda

I refer to the telephone discussions we had earlier this morning. As I said we are running a Recycling, Cleaning and Hygiene Company. The name of our company is Newronment. We are based in Polokwane but are looking for related business opportunities across the country.

I am specifically interested in the EIA process that your company is conducting for Waste management at the Venetia Mine, Limpopo Province, reference number (WML): 12/9/11/L43049/5.

I wish to propose to the relevant authority to render recycling services for the mine. Please advice me or sent me the contact details of the relevant person in this regard. Also sent me the registration documents for the Interested and Affected Party or any relevant information in this regard.

Regards,

Mr. Mamabolo Samson
