Environmental Impact Assessment for Exploration Drilling within Block ER236, off the East Coast of South Africa

INVITATION TO COMMENT

Eni South Africa BV (Eni), and Sasol Africa Limited (Sasol) hold an Exploration Right 12/3/236 (ER 236) off the East Coast of South Africa. Eni and Sasol are considering the possibility of conducting an exploration drilling programme in Block ER 236 to assess the commercial viability of the hydrocarbon reservoir for future development.

The Project requires Environmental Authorisation (EA) from the National Department of Mineral Resources (DMR) under the National Environmental Management Act (NEMA) (Act No. 107 of 1998), as amended, through an Environmental Impact Assessment (EIA) process.

Notice is hereby given of the commencement of the EIA and associated public participation process required under NEMA. Stakeholders are invited to attend one of the open-house meetings listed below, where the findings of the draft EIA will be communicated. The meeting will follow an open-house format and the participants will have the opportunity to interact with the ERM and the Project team, ask questions and provide comment.

Details of the open-house meetings are as follows:

3 October 2018 Date:

Broadwalk Hotel, Beach Rd, Summerstrand, Port Elizabeth Venue: The project team will be available at the venue from 15:00 to 18:00 Time:

Date:

Blue Lagoon Hotel & Conference Centre, 21 Blue Bend Pl. Blue Bend, East London Venue:

The project team will be available at the venue from 15:00 to 18:00 Time:

Date:

Premier Hotel The Richards, 3 Hibberd Dr, Meer En See, Richards Bay Venue: The project team will be available at the venue from 15:00 to 18:00

Date: 9 October 2018

Gooderson Tropicana Hotel, 85 OR Tambo Parade, South Beach, Durban Venue: The project team will be available at the venue from 15:00 to 18:00 Time:

10 October 2018 2018 Date: Venture Inn Hotel and Conferencing, Port Shepstone Venue:

The project team will be available at the venue from 15:00 to 18:00 Time:

The draft EIA is currently being finalised and registered stakeholders will receive notification when the report is available for comment. The draft EIA will be released for a 30 day comment period as per the requirements of NEMA and will be available on the Project website: www.erm.com/eni-exploration-eia, on request from ERM and at the following public locations:

- Durban Central Lending Public Library
- Richards Bay Library
- East London Central Library
- Port Shepstone Library
- Nelson Mandela Bay Municipality Linton Grange Library • ERM offices, Suite S005, 17 The Boulevard, Westway Office Park, Westville

Stakeholders are invited to participate in the EIA process by identifying issues of concern and providing suggestions to enhance benefits. To register as an I&AP, submit comments, and to obtain more information, please contact ERM:

Email: eni.offshore.eia@erm.com | Tel: 021 681 5400 or 011 798 4300

Technical Advisor "Air Quality Management (AQM) and Climate Change Mitigation"

Salary Negotiable - Band 4T

Reports to: Programme Manager CSP, with input from the Programme Manager AQM in Bonn, Germany Deputy: --

A. BACKGROUND

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is an international cooperation enterprise for sustainable development that operates globally. As a federally owned enterprise, we support the Government of Germany in achieving its objectives in the field of international cooperation for sustainable development. In South Africa, we have been working with our partners since 1993.

The project "Integrated Air Quality Management and Climate Change Mitigation" provides technical assistance to the Government of South Africa. It is a global project funded by the German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety's (BMU) International Climate Initiative (IKI) and runs until September 2020. The $project \, supports \, the \, development \, of \, effective \, policies \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, in \, South \, Africa \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, in \, South \, Africa \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, in \, South \, Africa \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, in \, South \, Africa \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, in \, South \, Africa \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, reductions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, for \, AQM \, and \, GHG \, emissions \, and \, plans \, and \, plans$ and Viet Nam and thus the implementation of both countries' Nationally Determined Contributions (NDC). The project complements the efforts of World Bank's Pollution Management and Environmental Health (PMEH) programme with capacity development as well as institutional and legal framework development.

The air quality in Johannesburg and Tshwane is rated among the worst in South Africa, with considerable harmful effects on the health of these cities' citizens.

The project will support both cities in developing effective policies and integrated plans for AQM and GHG emission reductions in order to have them ready for implementation. Further, the project intends to: serve as a knowledge broker and feed in knowledge from the German and European context on AQM and GHG emissions reductions; strengthen the link between AQM and GHG emission reductions; disseminate results and lessons learnt from work in South Africa to other PMEH programme countries.

The project focusses on early actions in AOM and GHG emissions reduction (climate change mitigation – CCM). Therefore, urban data bases and urban air pollution modelling will have to be improved (based on existing data) and proposals for the improvement of legal frameworks for AQM produced. Though legal frameworks have been set up/are available for AQM, they are not sufficient. Plans have to be laid out, which outline AQM and link it strategically to GHG emissions reduction. Therefore, the development of Clean Air Plans in both cities is supported.

and build capacities for national and local decision makers in the field of AQM and Climate Change Mitigation. Project activities in South Africa will be developed in close cooperation with government institutions. The project is looking for a qualified professional for the position of a **Technical Advisor** on "Air Quality Management

and Climate Change Mitigation", with 4-5 years of relevant work experience, preferably having work experience in

The project will provide access to advisory services from international experts, help organise stakeholder dialogues

Further, a Master's Degree ideally in a subject related to at least one of the following fields: Environmental Science, Climate Change, Energy, Economics, is required. The ideal candidate is required to work and produce - sometimes under high pressure - high quality outputs with limited supervision and management. The position requires skills to advise on a technical level on Air Quality Management, as well as being firm in developing concepts for and organise technical meetings, workshops and conferences. In addition, networking and cooperation skills as well as knowledge

The full advert can be found here LINK: https://www.giz.de/en/worldwide/43804.html

management skills are required.

cooperating with either national, provincial or local government in South Africa.

Suitable candidates should apply by submitting their detailed CV and a motivation letter to: recruit-pretoria@giz. de attention Head of Unit, Dorothey Taaibosch, subject "Application for CSP Technical Advisor: AQM".

Closing date for applications: 28 September 2018.

Only shortlisted candidates will be informed. Applications without a motivation letter will not be considered!
