Subject: Glen Douglas Burning Plant - I&AP Registration

Morning Pieter,

Please register myself on behalf of our client, Air Products (Pty) Ltd, as an interested an affected party for the proposed Glen Douglas Dolomite Burning Plant. We have received notification of the availability of the draft scoping report but wish to be kept informed of any further developments please.

Kindly note that the Draft Environmental Impact Report (EIR) for the proposed Air Products Acetylene Gas Production Facility has been made available for public comment. Please see the notification letter attached for details on accessing the report. A public meeting will be held where Air Products and the EIA team will present the findings of the Draft EIR and obtain comments from the public. The details of which are:

Date	24 July 2014	
Venue	Japie Greyling Primary School (corner Blou Sysie and Witkruisarend Roads, Daleside)	
Details	Open House Event	14:00 – 17:00
	Public Meeting	17:30 – 18:30

Should you have any further questions, please do not hesitate to contact me.

Kind Regards,

Lisa Otten

Dear Mr Nxala,

Thank you for your interest in the proposed Air Products facility. Kindly provide me with your residential address and telephone number so that I may register you as an Interested and Affected Party (I&AP).

Kindly note that the Draft Environmental Impact Report (EIR) has been made available for public comment. Please see the notification letter attached for details on accessing the report. A public meeting will be held where Air Products and the EIA team will present the findings of the Draft EIR and obtain comments from the public. The details of which are:

Date	24 July 2014
Venue	Japie Greyling Primary School (corner Blou Sysie and Witkruisarend Roads, Daleside)
Details	Open House Event 14:00 – 17:00 Public Meeting 17:30 – 18:30

Should you have any further questions, please do not hesitate to contact me.

To: Janet Mkhabela

I send this e-mail as an indication of my interest, in the proposed Air Products project in Midvaal's Randvaal area. May you please advise me as a resident of Randvaal on the registration procedure.

Your respond will be highly appreciated.

Regards,

LS Nxala

Thank you for clarifying this. I also object to this development. This is a residential area. Where are people supposed to live close to the city for work. Why can't you take your factory into an industrial area not in the midst of a rural area and where people are living. The area is already totally polluted.

Regards.

Subject: RE: Air Products Draft Environmental Impact Report: Commenting Period

Morning Sandra,

Thank you for your comment. However, please note that the proposed development to which our initial email refers is the Air Products Acetylene Gas Production facility which is not associated with the Glen Douglas mine. The Project involves the construction and operation of a new acetylene gas production facility at Stand 88 and 89 of Valley Settlements Agricultural Holdings, located just off Tilliet Road (26°30'23.97"S 28°03'10.44"E). I have attached the Background Information Document (BID) for your referral.

Any comments received by yourself on the Air Products project will be included in the Final Environmental Impact Report.

If you wish to provide your comments with regards to the Glendouglas Mine to the applicable Environmental Consultant, please contact:

Pieter Badenhorst Professional Services
Mr Piet Badenhorst: pbps@iafrica.com

13 / 1090 Regatta road, Henley on Klip.
SANDRA HANSEN

I object to the mine proposal in its entirety. This proposed developments will ruin Henley on Klip and Daleside completely. As it is we have enough problems already with flooding and crime. This new development at the mine will completely ruin our lovely and much loved village.

Yours faithfully.

Sandra Hansen

Subject: Air Products Draft Environmental Impact Report: Commenting Period

Dear Sir/Madam,

Draft Environmental Impact Report for the Proposed Air Products Acetylene Gas Production Facility, Daleside, Gauteng Province

ERM Ref: 0220780
GDARD Ref: Gaut:002/13-14/E0239

Please be advised that the commenting period for the Draft Environmental Impact Report ends next week Monday, 11 August.

Should you have any comments or queries that you wish to submit, please do so within the specified timeframe. All comments received to date will be included in a Comments and Responses Report as part of the Final Environmental Impact Report. The Final report will be made available for a further 21 day commenting period, prior to being submitted to the Gauteng Department of Agriculture and Rural Development (GDARD) for a decision.

We thank you for your participation in this process.

Kind Regards,

Lisa Otten
