

# ERM CVS to Conduct On-site IRMA Assessment of Albemarle Planta Salar

## *ERM CVS Seeks Input from Local Community and Other Stakeholders*

Today, **9 June 2025**, ERM CVS announces that on **28 - 31 July 2025** it will visit **the Albemarle Planta Salar lithium mining operations** in San Pedro de Atacama, Antofagasta Region, Chile to conduct an independent, third-party **Initiative for Responsible Mining Assurance (IRMA)** surveillance assessment of the operation.

The initial audit report of Albemarle's Planta Salar de Atacama operations was released on 20 June 2023 with an achievement level of IRMA 50. The report is available on the IRMA website:

<https://responsiblemining.net/albemarle-atacama>

The onsite surveillance audit will **verify that the site operations continue to align with the performance previously recognized in the initial audit report**. The audit team will verify that the mine's systems and controls are still in place and are functioning effectively, that no major changes have occurred that negatively affect the mine's performance, and that the site is progressing on its corrective action plan. The audit will also include confidential interviews with workers and engagement with Indigenous rightsholders and community stakeholders. Following the completion of the surveillance audit, a report will be published on the IRMA website.

The abbreviated surveillance audit summary report will provide Albemarle and stakeholders insight into continuity of operations, material changes, and evidence of continued improvement. A full reassessment audit will occur three years after the release of the initial audit report.

### 28 July – 31 July 2025

Your comments will help ERM CVS assess the impact of Albemarle Planta Salar de Atacama on local communities and measure its performance against best mining practices. ERM CVS invites you to sign-up for an interview with auditors during the surveillance audit, and/or submit written comments about Albemarle Planta Salar de Atacama using the contact details below.

- You must contact us before 21 July 2025 to be interviewed.
- Written comments submitted before 30 July 2025 will be incorporated into the results of this audit.
